

VIHAAN PUBLIC SCHOOL

ACADEMIC YEAR 2026-27

School *Prospectus.*

A Brighter Tomorrow.

02 / WELCOME TO VIHAAN

Every child has the potential to shine.

Illustrative photography — not verified Vihaan school imagery

At Vihaan Public School, we believe that education is about more than academic achievement. It is about developing curiosity, confidence, compassion, and the ability to embrace new possibilities.

Our learning philosophy encourages every student to explore ideas, discover strengths, and build the foundations for a fulfilling future.

03 / OUR VISION AND VALUES

Learning with purpose. Growing with confidence.

Illustrative photography — not verified Vihaan school imagery

Vision

To nurture thoughtful, capable, and responsible learners who approach the future with curiosity and confidence.

Mission

To create a supportive learning environment that encourages academic growth, creativity, critical thinking, and respect for others.

01

Curiosity

04 / THE LEARNING EXPERIENCE

An education designed for tomorrow.

Illustrative photography — not verified Vihaan school imagery

Conceptual understanding

Explore the meaning behind ideas and connect new learning with everyday experiences.

Critical thinking

Ask thoughtful questions, consider evidence and approach challenges from different perspectives.

Communication skills

Develop clear expression through listening, discussion, reading and writing.

Collaboration

Share ideas and learn from others while working towards a common purpose.

Independent learning

Build the confidence to explore, reflect and take responsibility for learning.

Creative problem-solving

Try new approaches and use imagination to find practical solutions.

Growing at every stage.

01

Primary · Classes 1-5

Building strong foundations through exploration, literacy, numeracy, and guided discovery.

02

Middle · Classes 6-8

Developing deeper understanding, independent thinking, and the confidence to ask questions.

03

Secondary · Classes 9-10

Strengthening subject knowledge, analytical skills, and preparation for future academic pathways.

06 / SUBJECTS AND DISCOVERY

Different interests. Endless possibilities.

Mathematics

Explore patterns, reason logically and discover practical ways to solve problems.

Science

Investigate questions and connect discoveries with the world around us.

Languages

Discover stories and develop the confidence to communicate and express ideas.

Technology

Explore digital tools and practical approaches to creative problem-solving.

Creative Arts

Express a personal perspective through imagination, colour and form.

Sports

Discover movement, teamwork and the value of active participation.

07 / BEYOND THE CLASSROOM

Learning continues everywhere.

Sports and physical activity

Movement and shared challenges can encourage teamwork and confidence.

Creative arts and cultural activities

Creative expression opens new ways to explore ideas and perspectives.

Clubs and collaborative projects

Shared interests can become opportunities to learn together.

Reading and library exploration

Books invite students to discover stories, knowledge and new worlds.

Leadership and community participation

Thoughtful participation can encourage responsibility and care for others.

08 / OUR CAMPUS

A place to learn. A place to belong.

Illustrative photography — not verified Vihaan school imagery

The spaces around a student can encourage curiosity, connection and a sense of belonging. These photographs offer an illustrative view of a learning environment; actual school spaces await confirmation.

Learning spaces

Places for focused learning and exploration.

Campus environment

Architecture and outdoor spaces that bring people together.

Sports and recreation

Space for movement and shared activity.

Reading and study spaces

Quiet places to discover and reflect.

Student collaboration areas

Spaces for conversation and shared ideas.

09 / STUDENT WELLBEING

Every student deserves to feel supported.

Illustrative photography — not verified Vihaan school imagery

A sense of belonging can help students approach learning with confidence. The following principles are proposed for discussion and school approval.

Respectful relationships

Encouraging kindness, listening and respect for different perspectives.

Positive learning environments

Creating space for questions, constructive feedback and steady growth.

Personal development

Helping learners reflect on their strengths, interests and goals.

Responsible behaviour

Encouraging thoughtful choices and consideration for others.

School and family communication

Recognising the value of open dialogue about each child's learning experience.

10 / PARENT PARTNERSHIP

Growing together, every step of the way.

Illustrative photography — not verified Vihaan school imagery

Families and schools share an interest in helping every child grow. A thoughtful partnership begins with understanding, conversation and shared care.

Communication

A shared understanding between families and school can support a positive learning experience.

Academic progress

Conversations about learning can celebrate growth and identify areas for further support.

Attendance and participation

Regular engagement helps students remain connected to their learning community.

School announcements

School-approved updates can help families stay informed about important information.

Parent enquiries

Questions from families help build understanding and guide the next conversation.

Begin your journey with Vihaan.

Illustrative photography — not verified Vihaan school imagery

Choosing a school begins with a conversation. Explore the school and confirm all admission arrangements directly with the team.

01 — Make an enquiry

Share your interest in learning more about Vihaan.

02 — Connect with the admissions team

Start a conversation about your child's learning journey.

03 — Learn about the school and admission process

Ask about school-approved information and the application arrangements.

04 — Confirm the next steps with the school

Check the requirements and any dates directly before applying.

Confirmed admission requirements and application dates: To be confirmed by the school.
